

WHITEBOARD PAINT APPLICATION USAGE GUIDE

VICINITY

MAKE SPACE

Transform any
surface into a
working surface.

Think bigger: It's not just a whiteboard.
It's a team collaboration centre on any
available surface.

WORK SPACE

**We think with our hands and communicate visually.
Do it better with Vicinity.**

Collaboration is the watch-word in modern business. In buildings with shrinking floor-space, the need to maximise what's available and create flexible environments has become essential.

Get More Collaboration:

Transform standard walls into extra-large whiteboard spaces in open-plan offices, boardrooms, conference facilities or general communal areas.

Get Better Ideas:

Functional, flexible spaces can be used to promote teamwork, discussion, and innovation.

Vicinity Whiteboard Paint helps you to create private or open-plan spaces that are dedicated to informal or formal brainstorming, projects, or private discussions.

Revamp any area
into an interactive
work space.

- Boardroom
- Workshops
- Communal Space
- Dedicated Team Space
- Learning Area
- Pause Zone

TEAM SPACE

TRAINING SPACE

Whiteboard Paint Makes Education:

- Experiential
- Engaging
- Hands-On
- Interactive

Collaborative learning and groupwork methods are a growing trend. Follow it by making any space in any learning institution a collaborative space.

BRAINSTORM SPACE

CREATIVE SPACE

**Whether it's a project plan,
creative project, process map,
idea brainstorm, or learning tool,
Vicinity's Whiteboard Paint makes
any work-environment effective,
efficient, and collaborative.**

A photograph of an open-plan office environment. In the foreground, two people are seated at a long wooden desk, viewed from behind. They are using laptops. The desk is equipped with green ergonomic chairs. In the background, another person is visible at a desk. A large whiteboard is positioned on the left side of the frame, featuring handwritten notes and diagrams. The office has a modern feel with glass partitions and a grid ceiling with recessed lights. An orange graphic overlay is present in the top right corner, containing the text 'OPEN-PLAN SPACE'.

OPEN-PLAN SPACE

**Create personal whiteboard
space for project teams
and office staff.**
