

CASE STUDY

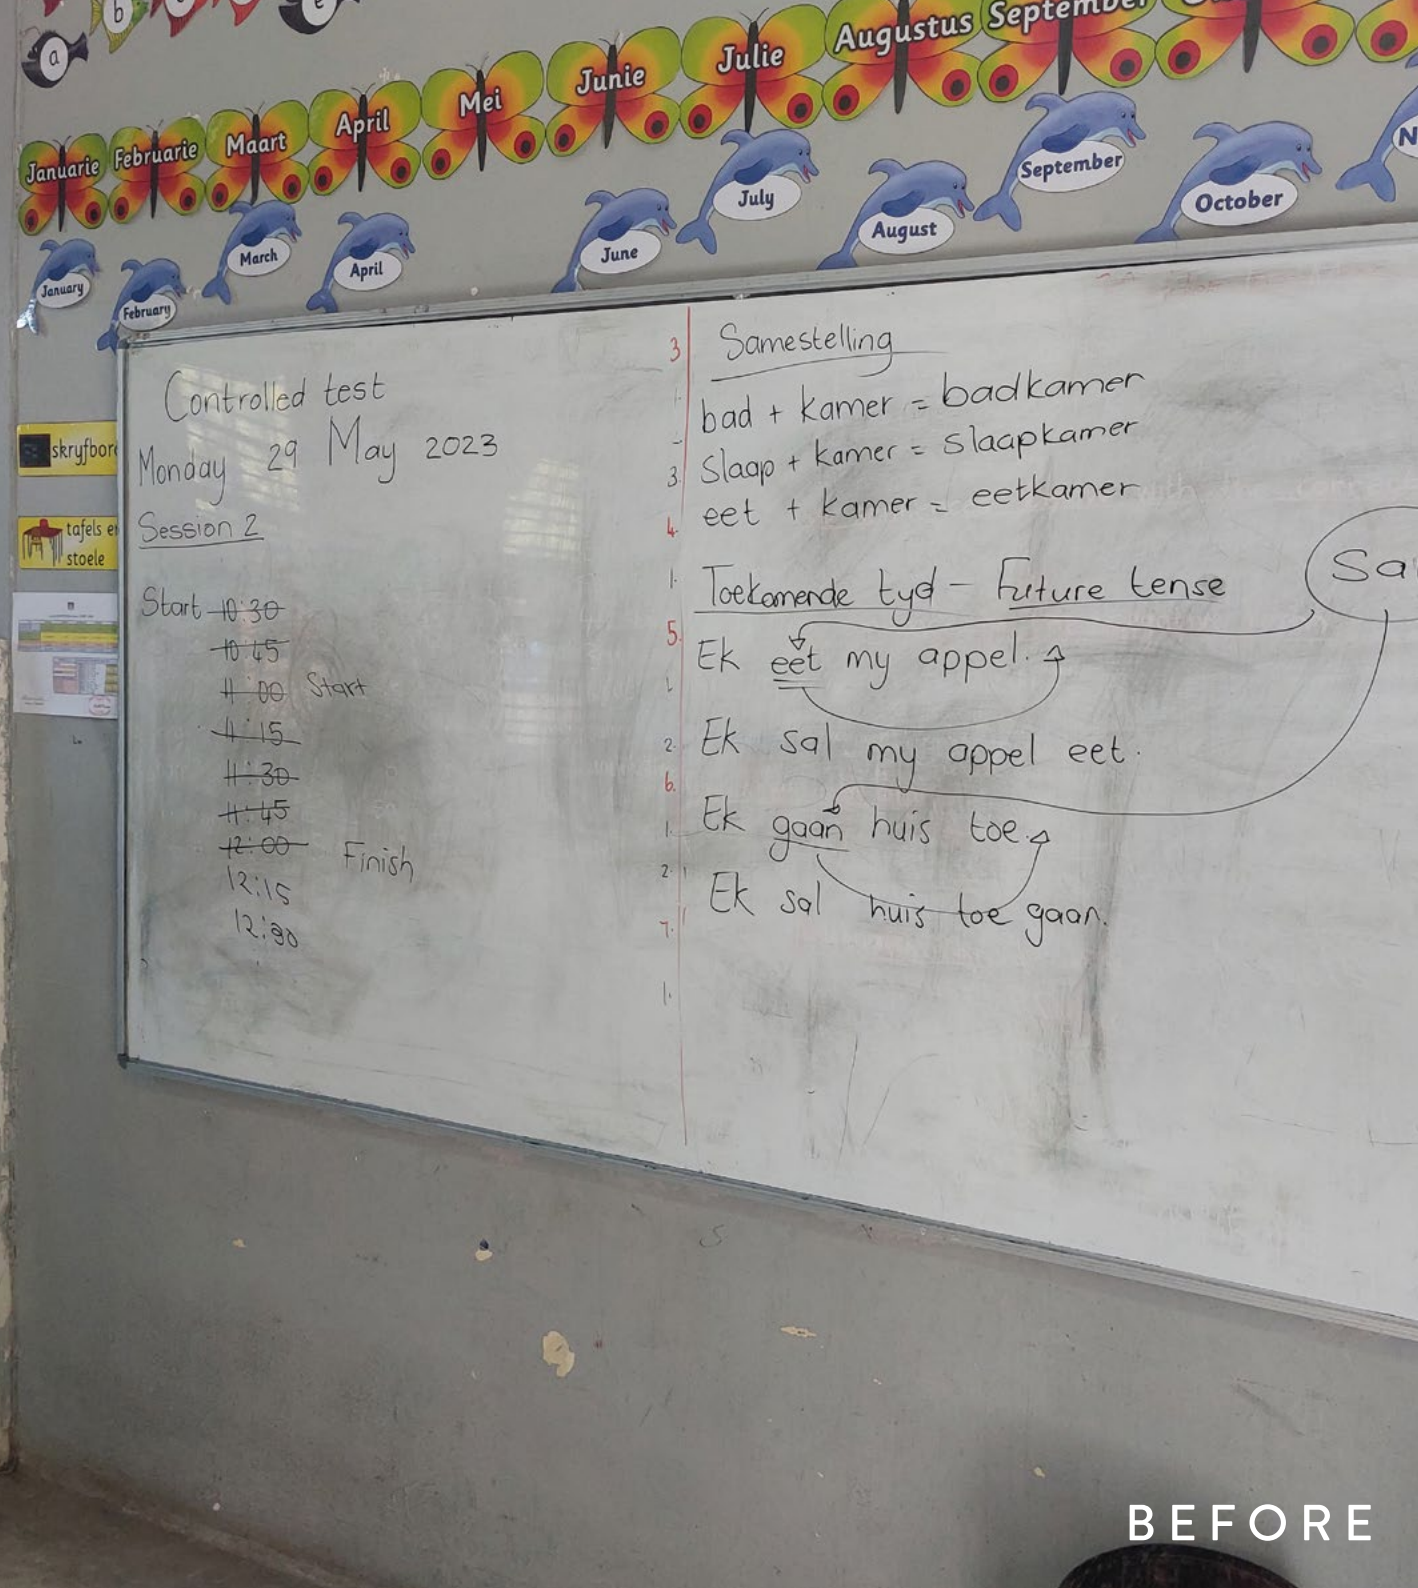

TRANSFORMS SUIDHEUWELS PRIMARY SCHOOL

SUSTAINABLE
WRITINGBOARD
SOLUTIONS

CLIENT OVERVIEW

SUIDHEUWELS PRIMARY, a school facing challenges with the high wear and tear of traditional whiteboards and chalkboards, required a long-term solution for its classrooms.

BEFORE

PROBLEM

The school struggled with frequent replacement costs and deteriorating teaching aids, impacting the learning environment and effectiveness of instruction.

SOLUTION

Young Reach Initiative, a dedicated donor, sought a more sustainable option and funded the installation of high-quality Ceramic Steel whiteboards. Our innovative whiteboards, designed for durability, come with a 25-year warranty and require minimal maintenance.

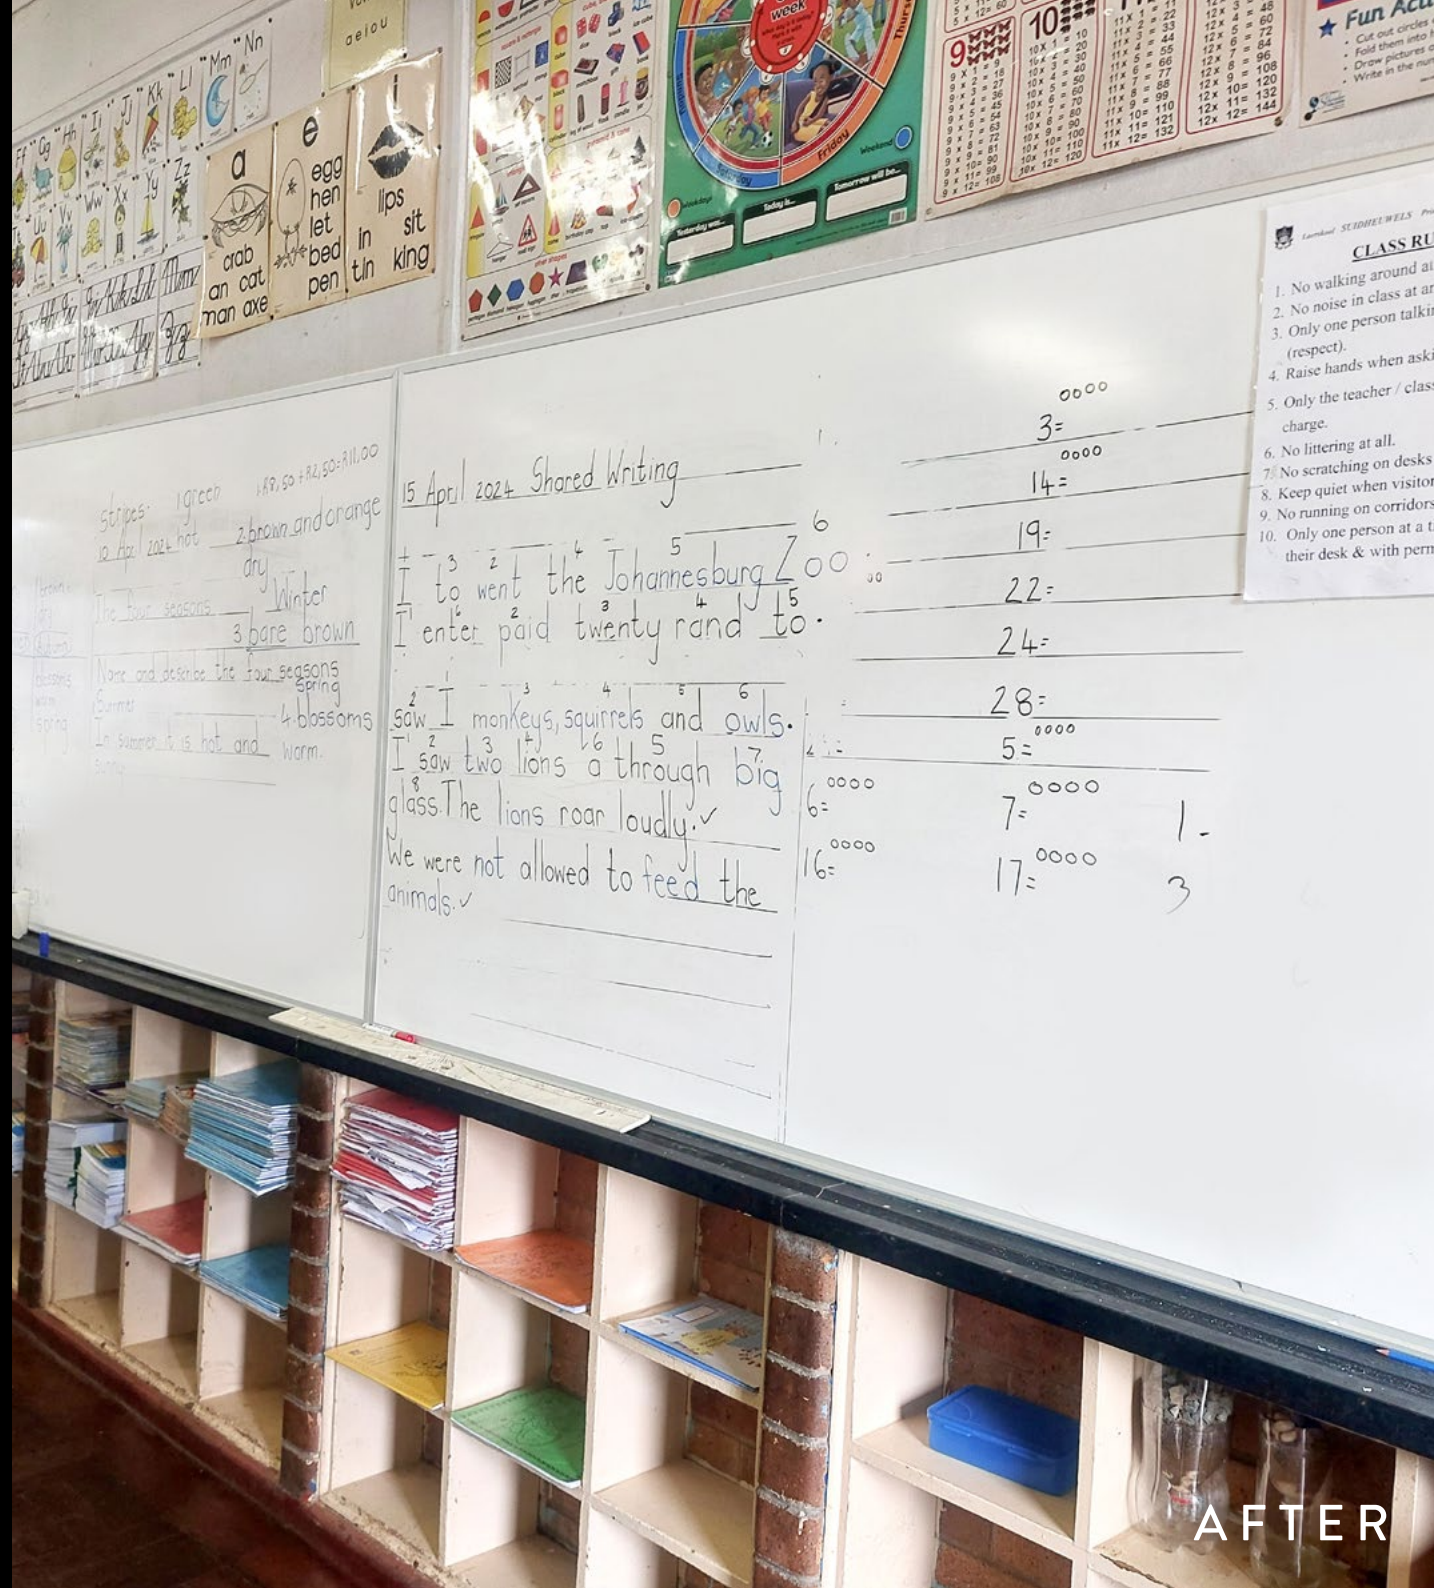

IMPLEMENTATION

We replaced all existing boards with our advanced Ceramic Steel whiteboards. This upgrade not only transformed the classrooms aesthetically but also significantly improved the functionality and longevity of the teaching surfaces.

RESULTS

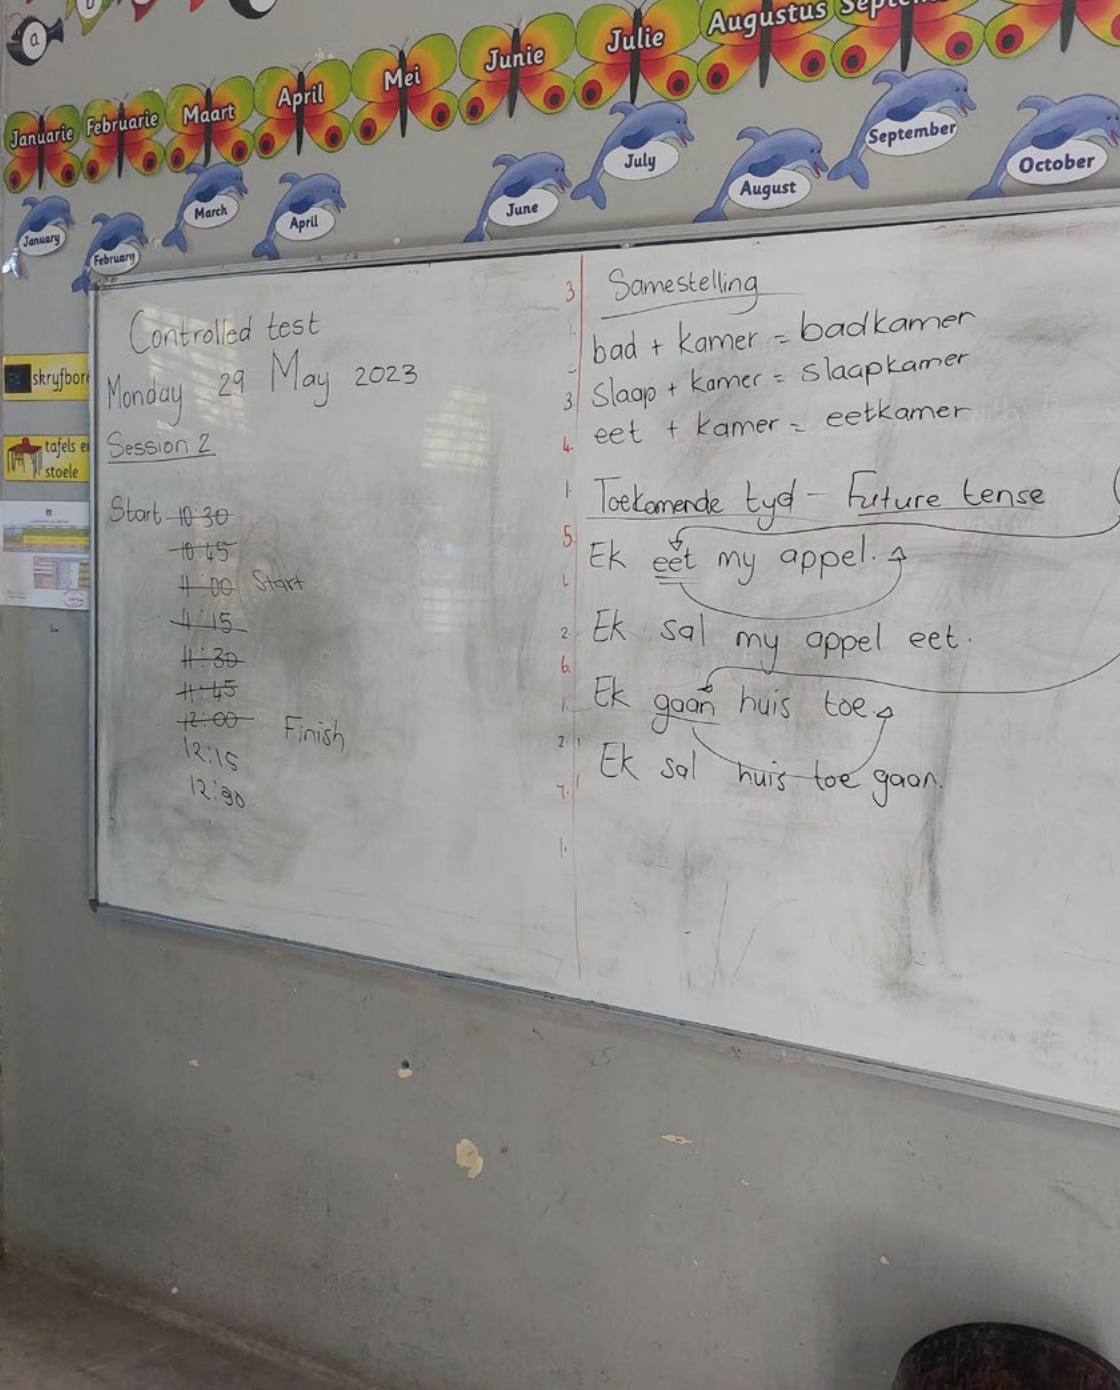

Teachers now enjoy a reliable and high-quality teaching tool, allowing for clearer content creation and delivery. Students benefit from enhanced visibility and engagement, improving their overall learning experience. The school has realized cost savings from reduced replacement needs, enabling better allocation of resources. The solution means less wastage in schools, cost savings with needing less cleaning materials to clean boards, and time savings for teachers with reduced cleaning time and effort.

AFTER

This project showcases how sustainable investments in education infrastructure can have a profound impact on teaching quality and student outcomes.

AFTER

AFTER

BEFORE

AFTER

'I have worked at this school for over 27 years. This is the first time that we have functional writing surfaces. The kids were ecstatic when they saw the boards and there has been tons of doodling over the boards'

-AFRIKAANS TEACHER GRADE 1A

'I drew lines in permanent marker and those have come off!

Great product'

-MATHS TEACHER GRADE 5C

'The teachers and students are incredibly grateful to have new whiteboards. After working here for over 10 years and dealing with daily complaints about the bad chalk boards - getting new whiteboards has bought my stress levels down significantly'

- HEADMASTER

'We are finally able to project onto the whiteboards. Writing on them is smooth and easy'
